📋 Dataset Summary

ParticipantID	Group	☑ Missing Data	☑ Possible Bias	☑ Possible Low Quality	📅 Date	Setup	First Part	Second Part	Extra Notes
S170601	1 - EOEC	☐	☐	☑	@June 17, 2021	Ok	Ok but she reported tiredness	Ok	Followed the rhythm of the music wit her foot and small head movements
S170603	2 - ECEO	☑	☐	☐	@June 17, 2021	Ok	Acquisier crashed, lost 2 minutes of recording	Ok	maybe can be used for testing the model
S210602	1 - EOEC	☐	☑	☐	@June 22, 2021	Strange positioning because of glasses	Ok	Ok	Experiment restarted because device disconnected and froze the GUI
S220602	2 - ECEO	☐	☑	☐	@June 22, 2021	Ok	Ok	Ok	The angry song seems to cause distress, admittedly slept only few hours
S220603	2 - ECEO	☐	☐	☐	@June 22, 2021	Ok	Ok	Ok	
S220604	2 - ECEO	☐	☐	☑	@June 22, 2021	Ok	Ok	Ok	Couldn't record Heart Rate properly. Followed the music with feet and hand movements
S230602	2 - ECEO	☐	☐	☑	@June 23, 2021	Ok	Ok	Ok	Kept asking questions and commenting during some trials
S230603	2 - ECEO	☐	☐	☐	@June 23, 2021	Ok	Ok	Ok but data is more noisy	

ParticipantID	Group	Missing Data	Possible Bias	Possible Low Quality	Date	Setup	First Part	Second Part	Extra Notes
S230604	1 - EOEC	☐	☐	☐	@June 23, 2021	Ok	Ok	Ok but reported to be seriously annoyed by the electrodes	Elevated heart beat correlation
S240601	1 - EOEC	☐	☐	☑	@June 24, 2021	Ok	Ok	Ok	Hand and feet movements
S240602	1 - EOEC	☐	☑	☐	@June 24, 2021	Ok	Ok	She missed 1 instruction at minute 8	maybe can be used for testing the model
S240604	1 - EOEC	☐	☐	☐	@June 24, 2021	Electrodes repositioned during first resting state with EC	Ok	Ok	Elevated heart response. Reported pain on the ears because of cushions size. I forgot to give him PANAS before the experiment, filled it anyway trying to remember how were the feelings.
S250601	1 - EOEC	☐	☐	☐	@June 25, 2021	Ok	Ok	Ok	Kept the mask on, video recording is not meaningful
S250602	2 - ECEO	☐	☐	☐	@June 25, 2021	Ok	Ok	Ok, but participant phone alarm ringed at minute 10	
S250603	1 - EOEC	☑	☐	☑	@June 25, 2021	Ok	Ok	Acquisier didn't save the data	Data quality not optimal in general
S250604	2 - ECEO	☐	☐	☐	@June 25, 2021	Repeated 3 times because of trigger box powerline noise	Ok	Ok	

ParticipantID	Group	Missing Data	Possible Bias	Possible Low Quality	Date	Setup	First Part	Second Part	Extra Notes
S260601	2 - ECEO	☐	☑	☐	@June 26, 2021	Hard to setup because of head size	Signal drop during resting state recording	missed one instruction at min 7	already know most of the songs
S260602	1 - EOEC	☐	☐	☐	@June 26, 2021	Ok	Ok	Ok	went to a party the night before
S280601	2 - ECEO	☐	☑	☐	@June 28, 2021	Powerline noise caused by trigger box. Experiment restarted	Restarted, second time was fine	Ok	Experiment restarted
S280603	1 - EOEC	☐	☑	☐	@June 28, 2021	Ok	Melomind disconnected, experiment restared with new Device and then was fine	Static noise at min 5	
S280604	1 - EOEC	☐	☐	☑	@June 28, 2021	Ok	Ok	Ok	Annotation were very static. Moves feet during with the rhythm. Asked if personal results will be available
S290601	2 - ECEO	☐	☐	☐	@June 29, 2021	Ok	Ok	Ok	
S290602	1 - EOEC	☐	☐	☑	@June 29, 2021	Ok	Ok	Ok	Moves feet and head with rhythm. Extra 2 minutes of recording to be removed in the end
S290603	2 - ECEO	☐	☐	☑	@June 29, 2021	Ok	Ok	Ok	Follows the rhythm with head movement. Strong emotional response
S290604	1 - EOEC	☐	☐	☐	@June 29, 2021	Ok	Ok	Ok	Check Heart Rate
S290605	2 - ECEO	☐	☐	☐	@June 29, 2021	Ok	Ok	Ok	

ParticipantID	Group	Missing Data	Possible Bias	Possible Low Quality	Date	Setup	First Part	Second Part	Extra Notes
S300601	1 - EOEC	☐	☐	☐	@June 30, 2021	Ok	Ok	Ok	visibly higher HR in second part
S300604	2 - ECEO	☐	☐	☐	@June 30, 2021	Ok	Ok	Ok	
S010701	1 - EOEC	☐	☐	☐	@July 1, 2021	Ok	Ok	Ok	
S010702	2 - ECEO	☐	☐	☐	@July 1, 2021	Ok	Ok but goPro created a distraction by beeping	Ok	GoPro distraction
S010703	2 - ECEO	☐	☐	☑	@July 1, 2021	Ok	Ok	Ok	moves feet with rhythm, laughs during some trials
S010704	1 - EOEC	☐	☐	☐	@July 1, 2021	Ok	Ok	Ok	long break, Empatica repositioned (baseline HR and EDA changed)
S020701	1 - EOEC	☐	☑	☐	@July 2, 2021	Ok	Ok	Ok	Antivirus notification popped up. Empatica repositioned and EDA changed in second part. The subject admitted to have drunk coffee before coming
S020702	1 - EOEC	☐	☑	☐	@July 2, 2021	Powerline noise caused by trigger box	Ok but tried to annotate also EC condition	Ok but tried to annotate also EC condition	might be useful for testing the model, also moved continuously the reticle very fast between different emotions.

ParticipantID	Group	Missing Data	Possible Bias	Possible Low Quality	Date	Setup	First Part	Second Part	Extra Notes
S020703	2 - ECEO	☐	☐	☐	@July 2, 2021	Ok	Ok	Ok	I forgot to give PANAS before experiment. Filled using memory after the experiment
S020704	1 - EOEC	☐	☐	☐	@July 2, 2021	Ok	Data a bit noisy	Ok	Evident annoyance caused by metal songs
S050701	1 - EOEC	☐	☑	☐	@July 5, 2021	Ok	Software crashed during second trial after Python libraries updated, OK after restart	Ok	Missing part of video recording. Very responsive Heart Rate
S050702	1 - EOEC	☐	☐	☐	@July 5, 2021	Ok	Ok - Acquisier didn't plot, impossible to check data quality	Ok - Acquisier didn't plot, impossible to check data quality	Missing part of video recording. Acquisier didn't plot during the trial. Experiment tracker incomplete
S050703	2 - ECEO	☐	☐	☐	@July 5, 2021	Powerline noise caused by trigger box	Removed trigger after first trial because of the noise	No trigger	Data have to be manually split
S050704	2 - ECEO	☐	☐	☑	@July 5, 2021	Ok	Ok	Ok	A lot of yawning → artifacts. Wants to know results
S050705	2 - ECEO	☐	☐	☐	@July 5, 2021	No trigger used	Ok but no trigger	Ok but no trigger	Data have to be manually split
S060702	1 - EOEC	☐	☐	☑	@July 6, 2021	Ok	Ok, bit noisy	Ok, bit noisy	Didn't take a break, the recording is in an single file

ParticipantID	Group	Missing Data	Possible Bias	Possible Low Quality	Date	Setup	First Part	Second Part	Extra Notes
S060703	2 - ECEO	☐	☐	☐	@July 6, 2021	Exchanged MM new for MM old because of noise	Ok	Ok	the new MM device suffers more often for powerline noise
S070701	1 - EOEC	☐	☐	☐	@July 7, 2021	Ok	Ok, low quality	Ok, low quality	
S070702	2 - ECEO	☐	☐	☐	@July 7, 2021	Ok	Ok	Headset repositioned because of head pain, then Ok	Headset repositioned
Experiment Journal		☐	☐	☐
